WHAT YOU NEED

Three things, then you're ready

1 · The email we approved

Your wholesale price is attached to the email address on your approved account. Sign in with that exact address. A different email (even a colleague's) shows retail prices.

2 · A way to pay

Orders on the site are paid at checkout by card, Shop Pay or the other secure options Shopify shows you.

3 · Your resale certificate (optional)

Reselling our jars? Email your certificate to info@atlantapickles.com before your first order and we'll mark your account tax exempt.

No password to remember

The store emails you a one-time 6-digit code each time you sign in. Nothing to set up and nothing to reset.

YOUR PRICING

The more cases, the lower the price

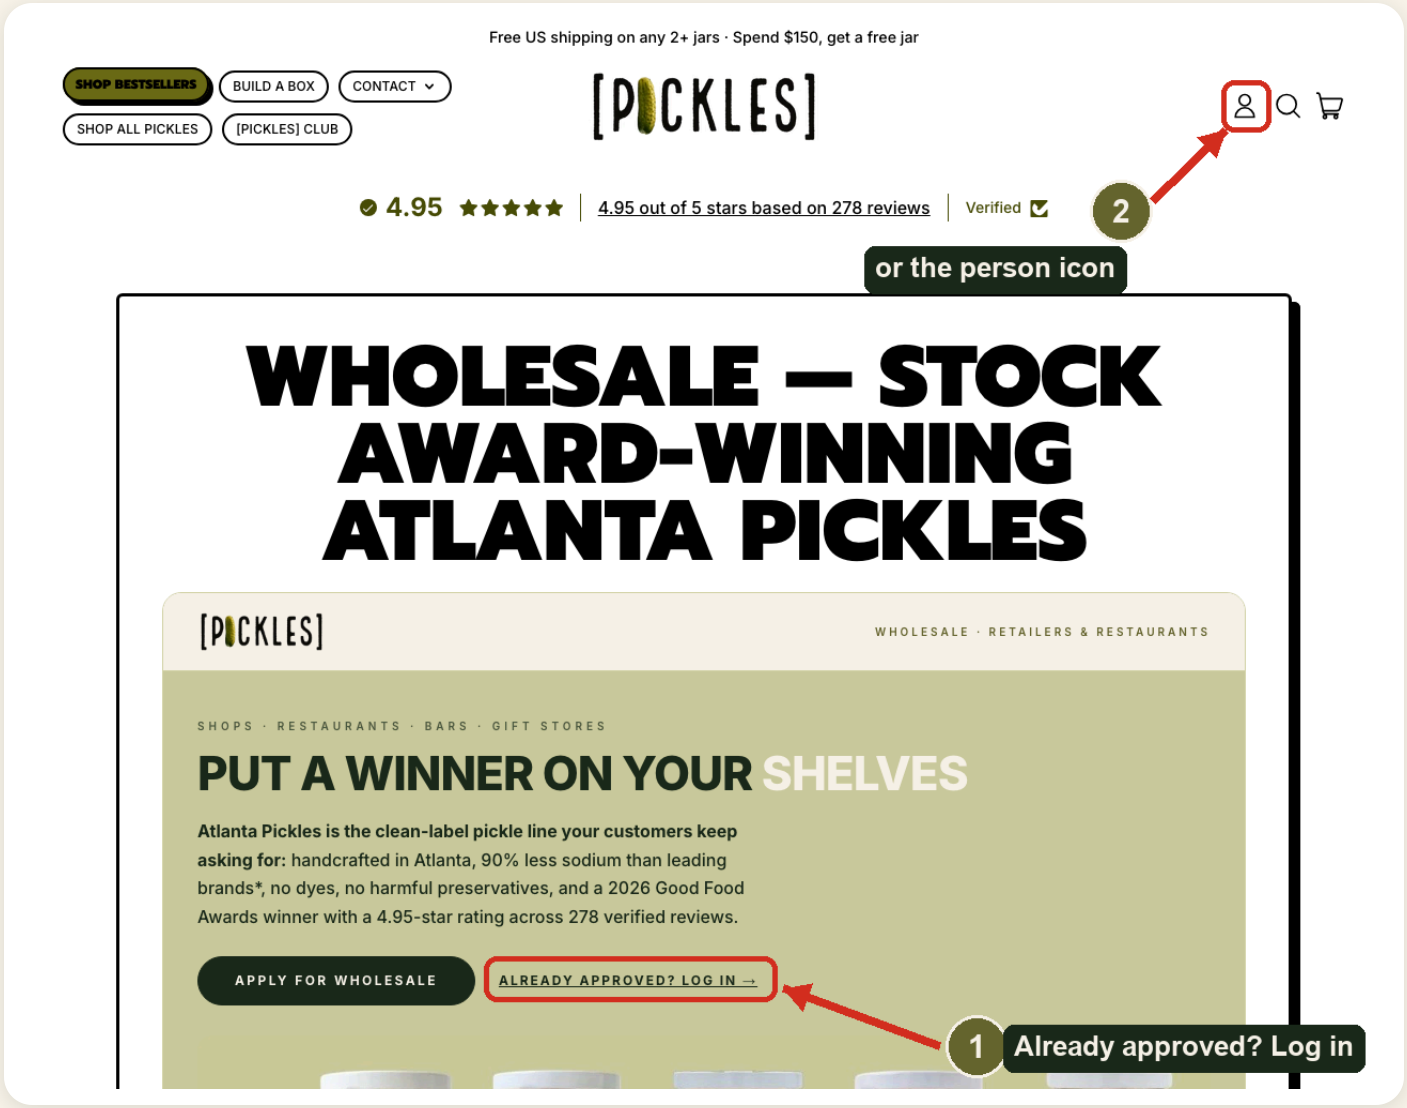

Retail is $16.95 a jar. Your tier is set by the total number of jars in the order, across every flavour, and is applied automatically at checkout.

TIER	CASES	JARS	PER JAR
Starter	2–5 cases	24–71 jars	**$10.99**
Silver	6–9 cases	72–119 jars	**$9.99**
Gold	10–15 cases	120–191 jars	**$9.20**
Platinum	16+ cases	192+ jars	**$7.99**

Mix freely. Six cases across six different flavours still counts as six cases. There are no resale restrictions: price it as you see fit.

1 Open the wholesale page

Go to **atlantapickles.com/pages/wholesale** and click **Already approved? Log in**. The person icon at the top right of every page works too.

1 "Already approved? Log in" takes you to sign in and brings you back to your price sheet.

2 The person icon also opens sign in, from any page.

2 Sign in with your approved email

Type the email address we approved and press the arrow. The purple "Continue with shop" button is optional, for people who already use Shop.

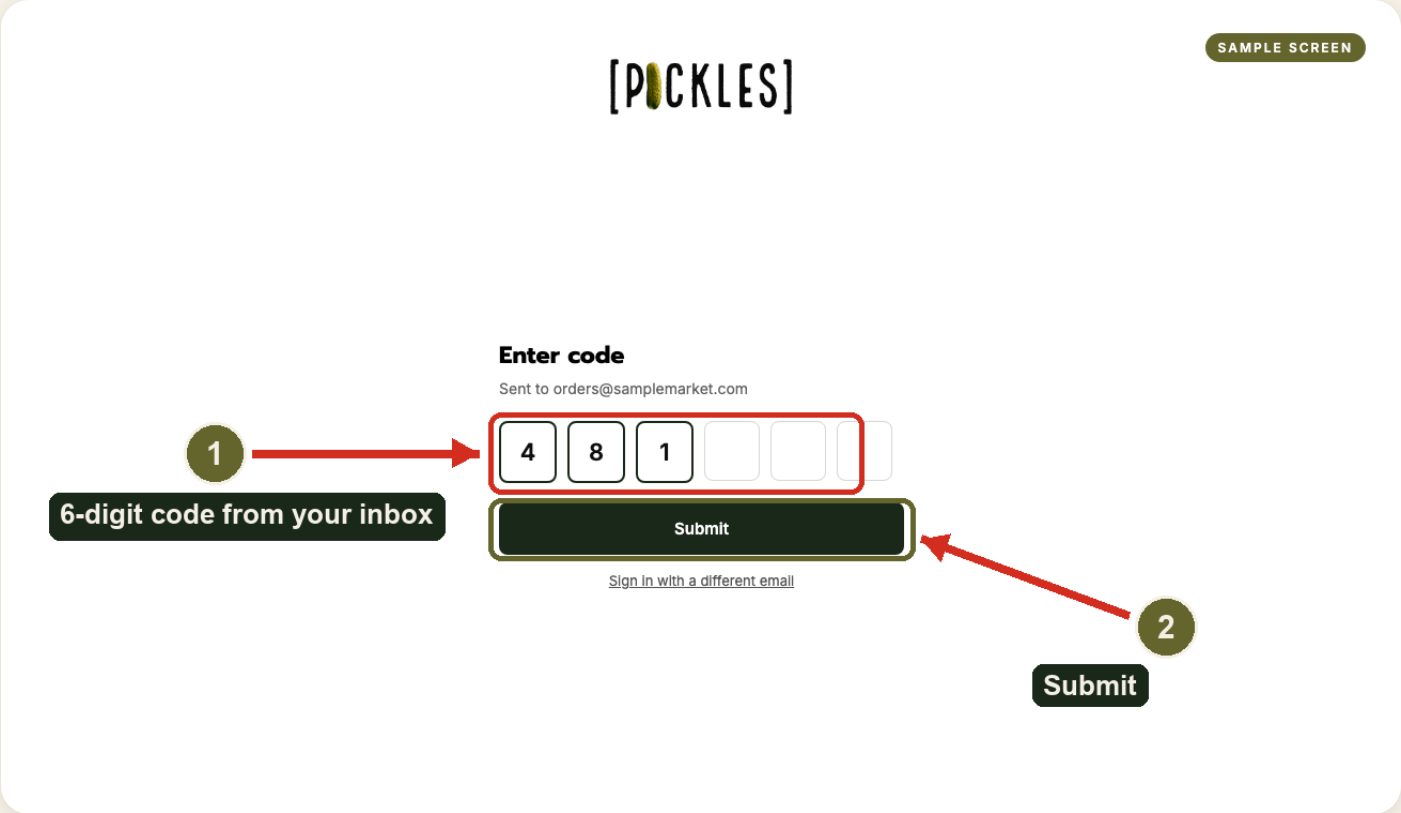

1. Type the exact email address on your approved wholesale account.
2. Press the arrow. We email you a one-time code.

> Use the same address every time: it's what unlocks your wholesale prices.

3 Enter the 6-digit code

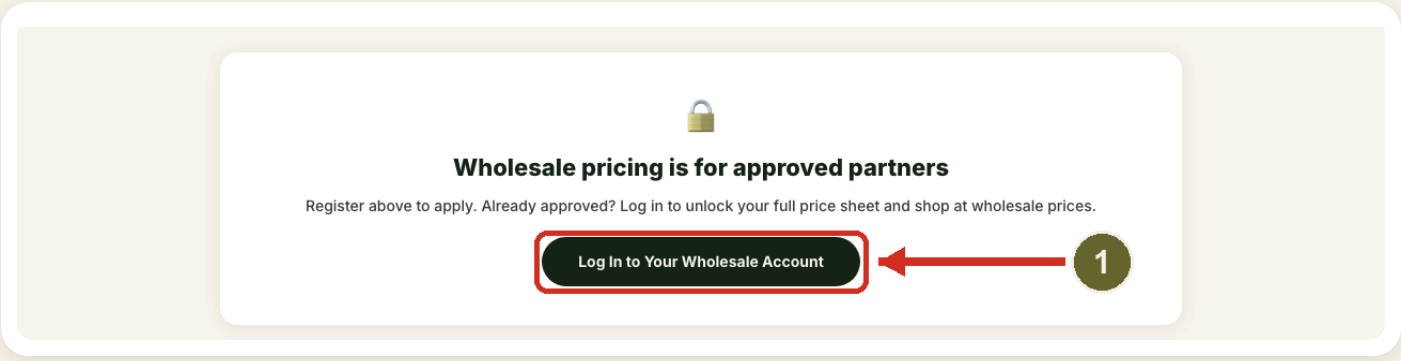

Check your inbox for an email from [PICKLES] with a 6-digit code. Type it in and press **Submit**. You're taken straight back to the wholesale page, now unlocked.

Sample screen. The code arrives within a minute. Not there? Check spam or promotions, then ask for a new code.

Still see a lock?

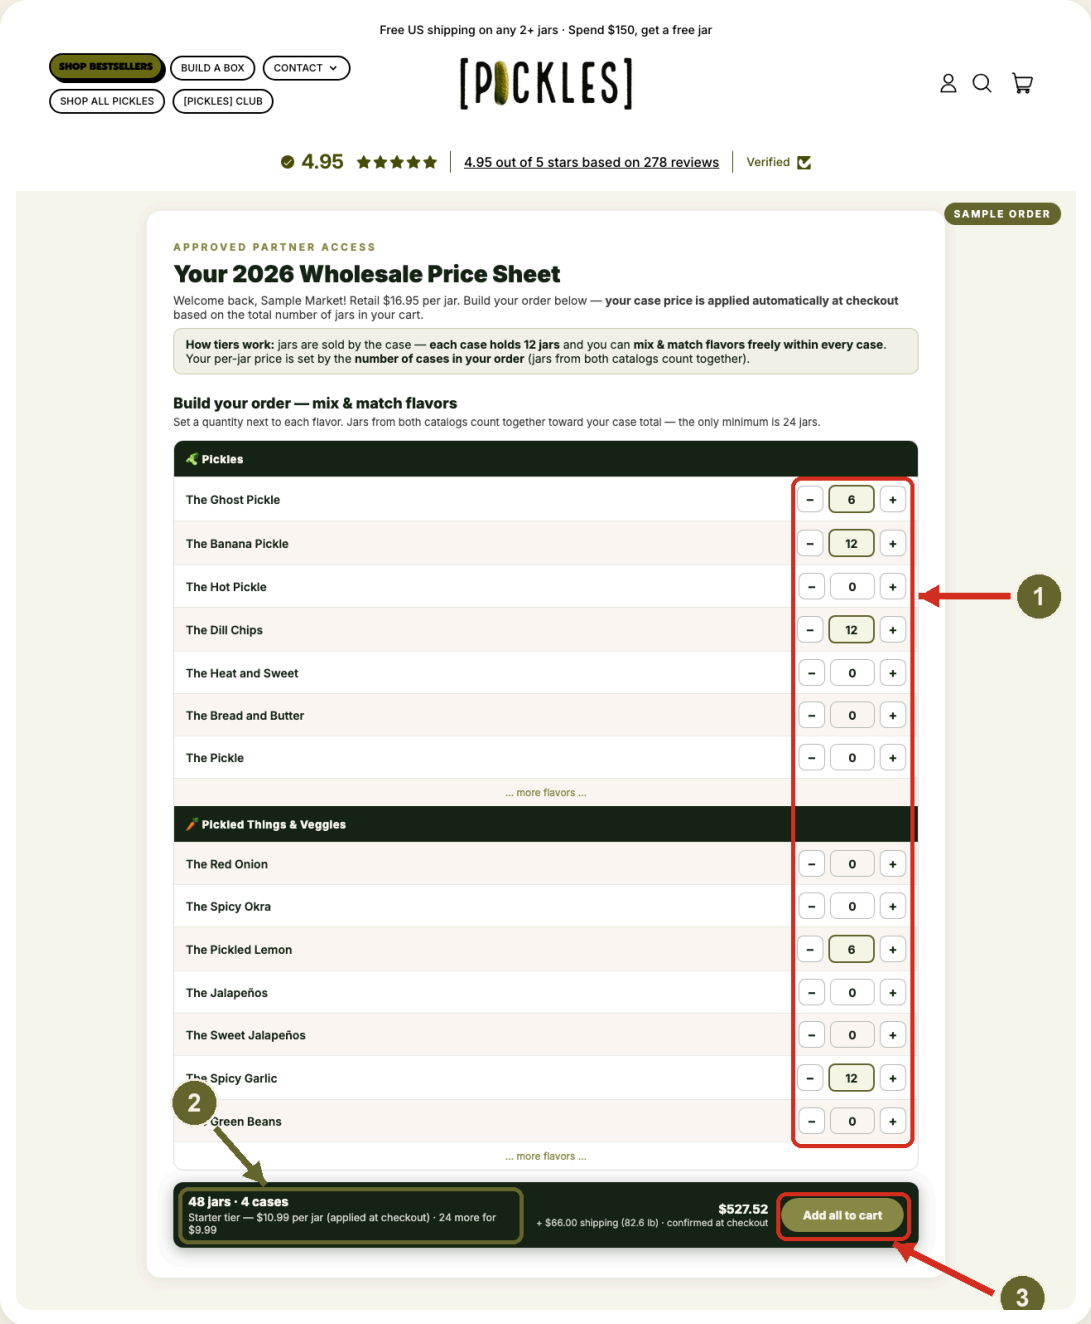

If the bottom of the wholesale page still says **"Wholesale pricing is for approved partners"**, you are not signed in. Press **Log In to Your Wholesale Account** and repeat steps 2–3.

If it says **"Your wholesale application is under review"**, you are signed in with an email that isn't approved yet. Sign out and use the approved address, or email info@atlantapickles.com and we'll check it the same business day.

4 Pick your jars on your price sheet

Signed in, the wholesale page shows **Your 2026 Wholesale Price Sheet** with every flavour in stock. Set a quantity next to each one.

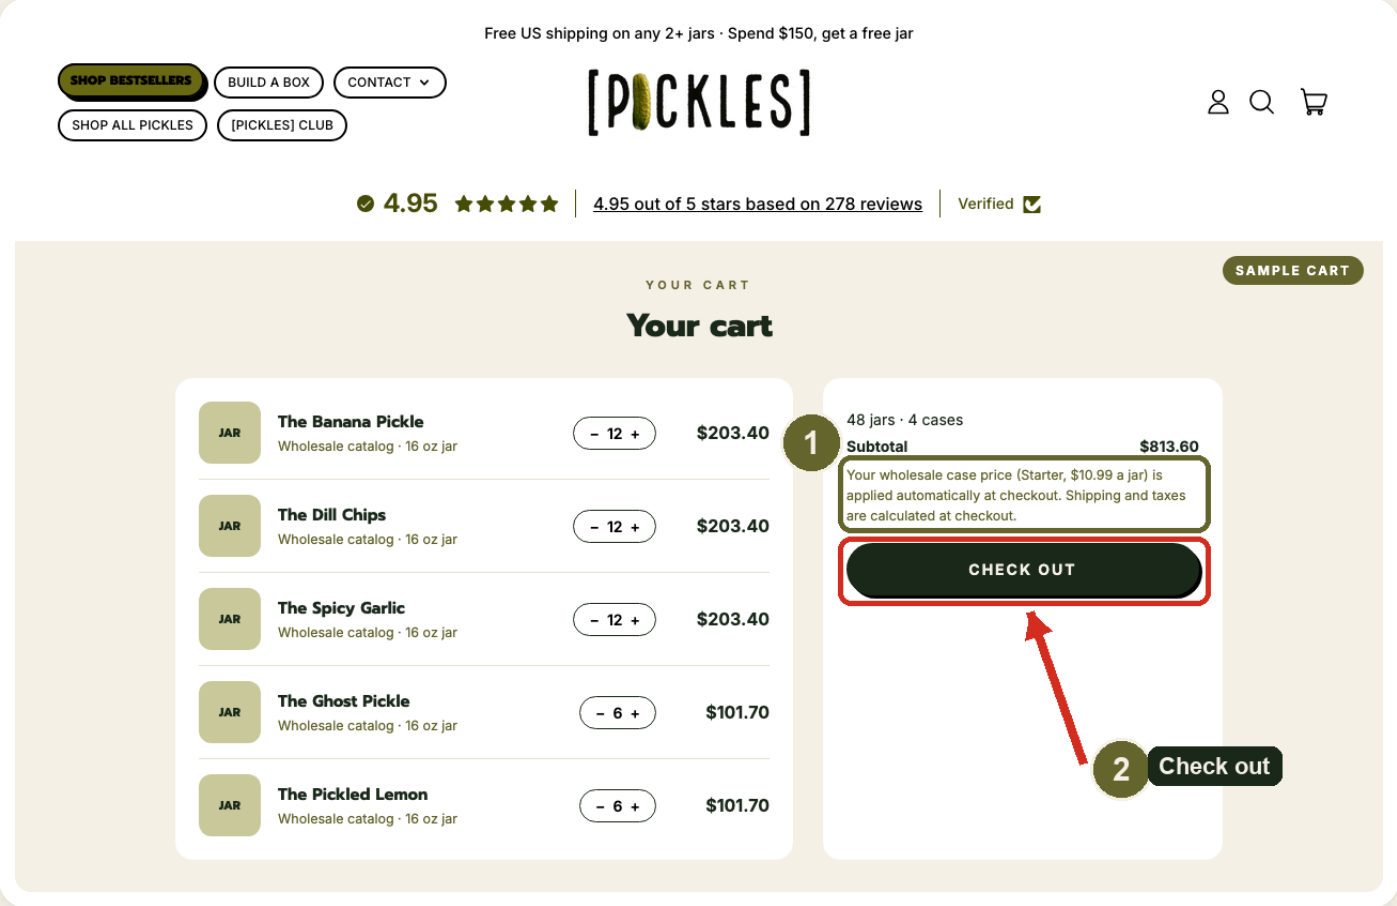

Sample order: 48 jars (4 cases) at the Starter tier.

1. Type a number or use − / +. Mix any flavours; a case is 12 jars.
2. The bar shows your jars, cases, tier and how many more jars reach the next price.
3. Press **Add all to cart** once you have at least 24 jars.

5 Check your cart

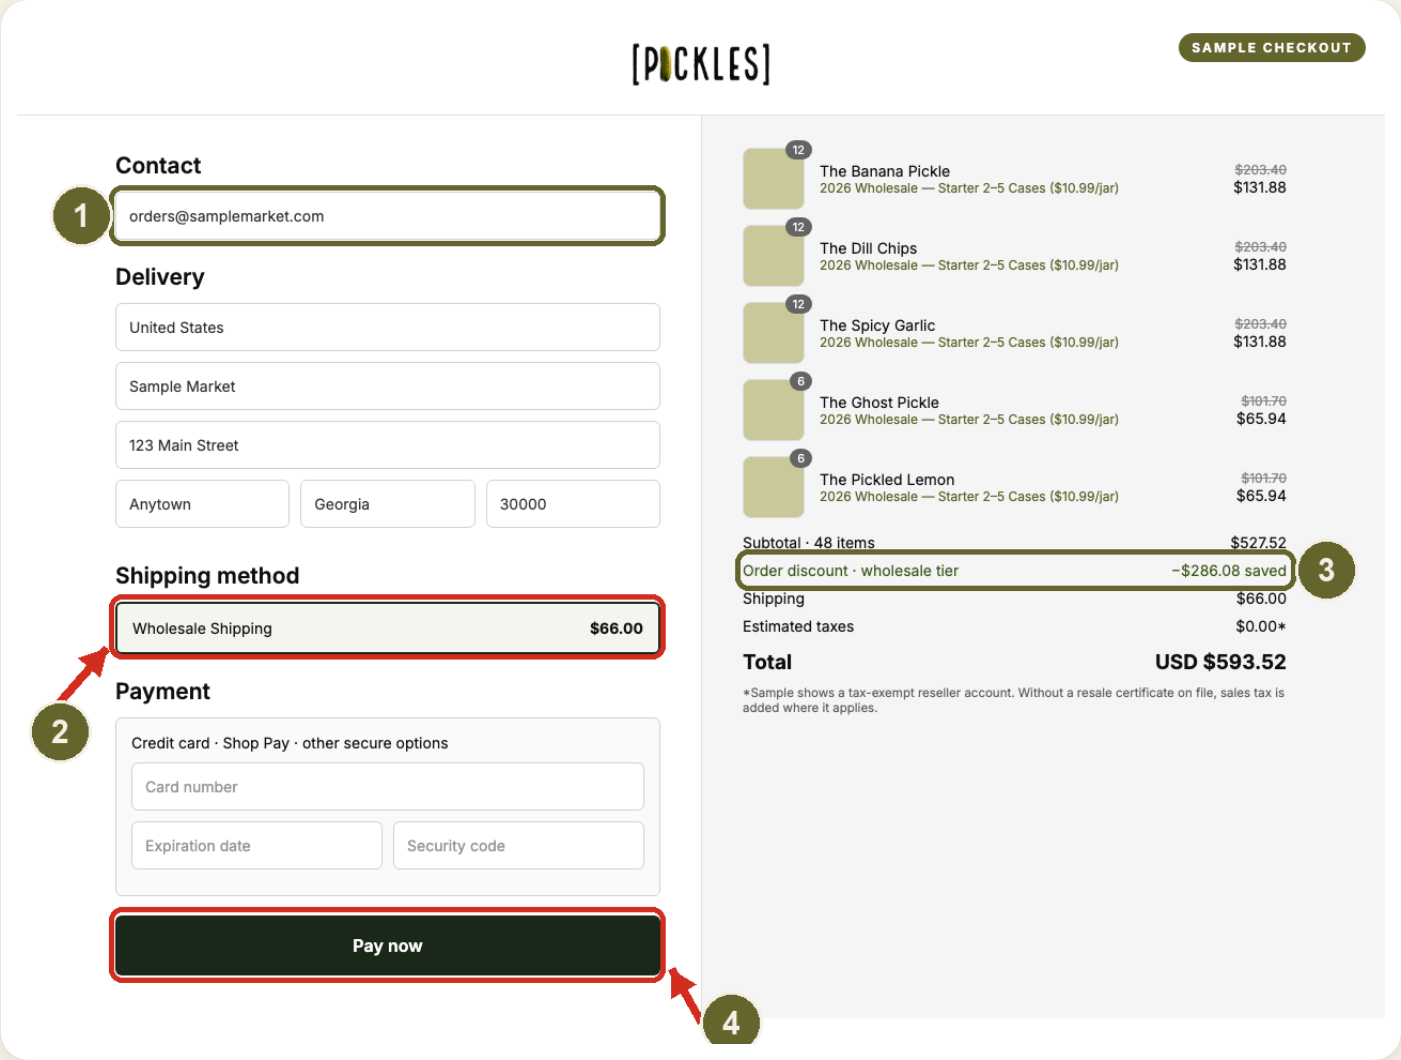

The cart lists each flavour at retail. That's expected: your wholesale price is applied at checkout.

1. Your tier is applied at checkout. Change quantities here if you need to.
2. Press **Check out**.

6 Check out and pay

Fill in where the order ships, pick the wholesale shipping line and pay. Your tier price shows on every jar before you press Pay now.

1. Your approved email is filled in. Add the delivery address for your shop.
2. Wholesale shipping is calculated by weight and shown before you pay.
3. Check the wholesale tier line: each jar shows your price.
4. Press **Pay now**. You'll get an order confirmation by email.

REORDER TIPS

Keep your shelf full

Start from your best sellers

Customer favourites: Banana Pickle, Ghost Pickle, Dill Chips, Power Sour, Pickled Lemon, Bread & Butter, Sweet Jalapeños.

Round up to the next tier

The bar on your price sheet tells you how many more jars reach the next price. 72 jars gets you $9.99 a jar.

Order before you run out

Allow about a week from order to delivery, and a little more before the holidays.

Got a private reorder link from us? Some partners receive a personal one-click reorder link by email. It shows the same prices and takes no payment up front: we confirm the order and email you an invoice. Either way works; the website steps in this guide are always available.

FAQ

Quick answers

I signed in but I see retail prices.
Make sure you used the email we approved. If you did and the page still shows "under review", email us and we'll fix it the same business day.

Do I need a discount code?
No. Your tier is applied automatically at checkout once your order reaches 24 jars. Please don't add other codes on top.

Can I mix flavours?
Yes. Mix any flavours in any case. Your tier is set by the total number of jars in the order.

What if I order 30 jars?
That's fine: anything from 24 jars is a wholesale order and is priced at your tier.

A flavour I want is missing or says Sold out.
It's being made. Email us and we'll tell you when the next batch is ready, or hold some for you.

Can someone else on my team order?
Orders are tied to your approved email. To add a second buyer, email us their address and we'll approve it too.

Do you sell merch, gift boxes or custom pallets?
Yes. Merch is priced by quantity on your price sheet; email us to order it with your jars. Custom pallets, events and co-branded gift boxes: just ask.

Can I order on Faire?
Yes, you'll find us there too. Ordering here on atlantapickles.com gets you our own price tiers directly.
